The Encyclopedia of Caribbean Religions Patrick Taylor, Frederick I. Case, 2013-04-30 The Encyclopedia of Caribbean Religions is the definitive reference for Caribbean religious phenomena from a Caribbean perspective. Generously illustrated, this landmark project combines the breadth of a comparative approach to religion with the depth of understanding of Caribbean spirituality as an ever-changing and varied historical phenomenon. Organized alphabetically, entries examine how Caribbean religious experiences have been shaped by and have responded to the processes of colonialism and the challenges of the postcolonial world. Systematically organized by theme and area, the encyclopedia considers religious traditions such as Vodou, Rastafari, Sunni Islam, Sanatan Dharma, Judaism, and the Roman Catholic and Seventh-day Adventist churches. Detailed subentries present topics such as religious rituals, beliefs, practices, specific historical developments, geographical differences, and gender roles within major traditions. Also included are entries that address the religious dimensions of geographical territories that make up the Caribbean. Representing the culmination of more than a decade of work by the associates of the Caribbean Religions Project, The Encyclopedia of Caribbean Religions will foster a greater understanding of the role of religion in Caribbean life and society, in the Caribbean diaspora, and in wider national and transnational spaces.

Alabi's World Richard Price, 1990-06 In the early 18th century, the Dutch colony of Suriname was the envy of all others in the Americas. There, seven hundred Europeans lived off the labor of over four thousand enslaved Africans. Owned by men hell-bent for quick prosperity, the rich plantations on the Suriname river became known for their heights of planter comfort and opulence--and for their depths of slave misery. Slaves who tried to escape were hunted by the planter militia. If found

they were publicly tortured. Gradually slaves began to form outlaw communities until nearly one out of every ten Africans in Suriname was helping to build rebel villages in the jungle. This book relates the history of a nation founded by escaped slaves deep in the Latin American rain forest. It tells of their battles for independence, their uneasy truce with the colonial government, and the attempt of their leader, Alabi, to reconcile his people with white law and a white God.

Een zwarte vrijstaat in Suriname H.U.E. Thoden van Velzen, Wilhelmina van Velzen, 2011-01-01 Een zwarte vrijstaat in Suriname vertelt de geschiedenis van de Okanisi in de achttiende eeuw. Het is een geschiedenis van hekserij en orakels, van knechting en ontsnapping, van opsporing en oorlog. Na jaren van strijd kwam de koloniale overheid tot de conclusie dat zij de Marrons niet onderwerpen kon en bood hun in 1760 een vrede aan die door de Okanisi werd geaccepteerd. Het sluiten van de vrede tussen overheid en Okanisi was de erkenning van de eerste 'zwarte vrijstaat' in Suriname.

Beroep: avonturier Kees van der Spek, 2023-05-31 Voor zijn programma's reist Kees van der Spek de hele wereld over. Veel van wat hij meemaakt haalt de uitzending niet. In dit boek een verslag van zijn avonturen. Kees van der Spek reist al bijna tien jaar voor zijn programma's met verborgen camera de wereld rond, zoals de laatste jaren voor Oplichters aangepakt. Op zijn reizen maakt hij, alleen al door de aard van het programma, veel opzienbarends mee. Maar er zijn ook veel avonturen die 'bijvangst' zijn omdat ze niets met de oplichtingszaak te maken hebben. Avonturen die de uitzending niet halen, maar die niet onverteld mogen blijven. Spannend, bizar of hilarisch, maar altijd onderhoudend. Kees beschrijft ze in de voor hem zo kenmerkende prettige, lichte stijl.

Slave Cultures and the Cultures of Slavery Stephan Palmié, 1995 Historians and anthropologists focus on the cultural dimensions of slavery in various geographical and historical settings. They deal with conceptual and theoretical problems in current slavery studies, as well as issues including Native American slaveholding; the integration of former slaves into West African societies; slave life on Caribbean sugar plantations; slave cultures in Suriname; female slave-owners on the Gold Coast; and Maroon communities. The Cultural Inheritance of the Javanese in Surinam G. D. van Wengen, 1975

Two Evenings in Saramaka Richard Price, Sally Price, 1991-05-07 Set in the more general context of tale telling by the descendants of Africans throughout the Americas and of recent scholarship in performance studies, these Saramaka tales are presented as a dramatic script. With the help of nearly forty photographs, readers become familiar not only with the characters in folktale-land, but also with the men and women who so imaginatively bring them to life. And because music complements narration in Saramaka just as it does elsewhere in Afro-America, more than fifty songs are presented here in musical notation.

The Great Father and the Danger H. U. E. Thoden van Velzen, Wilhelmina van Wetering, 1988

We Slaves of Suriname Anton de Kom, 2022-01-19 Anton de Kom's We Slaves of Suriname is a literary masterpiece as well as a fierce indictment of racism and colonialism. In this classic book, published here in English for the first time, the Surinamese writer and resistance leader recounts the history of his homeland, from the first settlements by Europeans in search of gold through the era of the slave trade and the period of Dutch colonial rule, when the old slave mentality persisted, long after slavery had been formally abolished. 159 years after the abolition of slavery in Suriname and 88 years after its initial publication, We Slaves of Suriname has lost none of its brilliance and power.

Javanese Culture Koentjaraningrat, 1989 This book represents the most comprehensive and ambitious study of the Javanese and their society to appear since the time of Raffles' celebrated The History of Java. It presents the general historical background to Javanese society and culture and then covers in detail the various facets of Javanese peasant life, urban culture and Javanese values and beliefs. The chapter on Javanese religion in particular analyses the complex of elements which go to make up Javanese beliefs in a unique and original manner. The study is the fruit of a lifetime devoted to the subject and the condensation of the writer's many other writings in the field, of which he is a leading authority.
